Baby

BASICS

E X P R E S S

A fast-paced four hour class designed to provide parents with an understanding of their infant's world, along with basic skills necessary in making the transition to parenthood. In addition, the class provides an opportunity for "hands-on" practices that assist parents in making informed, responsible decisions about all aspects of caring for their infant.

TOPICS DISCUSSED

Postpartum • Period of Purple Crying • Shaken Baby Syndrome (SBS) • Sudden Infant Death Syndrome (SIDS) • Basic Infant Care • Baby Safety
